

## Another Round of Snow, Icy Rain Hits State

By THE ASSOCIATED PRESS

Another round of wintry weather struck Arkansas today and snow falls ranging up to two inches descended on portions of the state.

Local snow accumulations as high as four inches were predicted.

Snow and sleet made highways perilous in many areas.

A number of schools suspended classes, and Oaklawn Park at Hot Springs cancelled its racing card.

Besides the additional snow, the forecast called for considerable glazing through tomorrow and continued cold temperatures.

Most highways were open but State Police recommended travel with chains or none at all.

The snow began falling in central Arkansas early today and spread to portions of northern and southern Arkansas.

Little Rock and Pine Bluff reported two-inch snowfalls and lesser amounts were registered at other points.

Snow from last week's storm still lay across portions of north Arkansas.

A combination of new and old snow left five inches on the ground at Danville, Fayetteville still had two inches on the ground from earlier falls.

Flippin had three inches of old snow and Fort Smith had an inch.

Freezing rain and sleet hit south-west Arkansas.

Oaklawn Park's cancellation of today's scheduled racing was the second weather interruption in a week. It was expected that today's card would be repeated tomorrow.

All schools in Hot Springs and Garland County closed for the day. Other closing included schools in the Pulaski County rural system, schools at Benton and Mount Holly near El Dorado and all schools in the Dumas and Sheridan districts.

Some Boone County schools were closed last week still were shut.

State Police said Highway 67 E. and Highway 5 near Jacksonville were closed temporarily because of traffic snarls.

Officers reported cars were "in the ditches" along a considerable stretch of Highway 67 E.

Minimum temperatures in Arkansas today included Flippin and Fayetteville 22, Walnut Ridge 23, Fort Smith and Little Rock 25, Pine Bluff 26, El Dorado 29 and Texarkana 30.

Yesterday's highs ranged from 2 at Fayetteville to 43 at El Dorado.

Rev. Clayton Speaks at Lions Club

Rev. J. Ralph Clayton, pastor of Winfield Memorial Methodist Church in Little Rock, brought the program yesterday to the Hope Lions Club. Rev. Clayton is currently holding a revival at the First Methodist Church here in Hope. The program was arranged by Rev. Rufus Sorrels.

Rev. Clayton's talk was based on Henry Van Dyke's famous poem, which said in part: four things a man must do; To think without confusion — clearly, To love his fellow man — sincerely, To act from honest motives — purely, To trust in God and heaven — securely.

Vice President James Morrow presented certificates to new members Fred Holder and Lowell Harris. Guests were Roy Anderson, David Weaver, Harry Hawthorne and Elmer Brown. There were 52 members present.

### Ike Tells Chile U. S. Ready to Fight Aggressor

By MARVIN L. ARROWSMITH

SANTIAGO, Chile (AP)—President Eisenhower declared today the United States "is ready to fulfill its treaty obligations with strength and promptness and firmness" if any American nation becomes a victim of aggression.

The President told the Chilean Congress that the United States is prepared to cooperate in any practical step for reducing expenditures on armaments, a step advocated by President Jorge Alessandri of Chile.

Eisenhower warned, however, that "procedures for achieving limitations and assurance of compliance will not be easy."

"The level of armaments which a nation feels it must maintain to assure the safety of its people involves a decision which the sovereign authority of that country must make for itself," he said.

"Multilateral agreements can be achieved if each nation of the hemisphere has confidence that it need not fear unprovoked aggression."

Pronounced fit despite the fast pace of his South American tour, the President launched into an other heavy schedule on the second day of his stop in this Pacific Coast nation.

Prior to his appearance before Congress he told 1,200 American residents and members of Chilean American organizations that the United States "wants every American republic to become strong economically as well as politically and socially."

"We know that only strong nations in our divided world can be sure of retaining their precious freedom," he said.

There was no contradiction in the American policy of nonintervention in other nation's affairs, with its fostering of "free, democratic representative democracy through the hemisphere," he told.

## Hope Church Moves Ahead in Contest

With an attendance of 92 as compared with 74 for Prescott, the Hope Presbyterian men moved ahead of their rivals both in attendance and points. The local Presbyterians hold a three point lead, 632 to 629.

Sunday mornings record attendance for the men of the local Bible Class came at the conclusion of a breakfast served by Franklin McLarty and William Duckett.

The class voted to accept Lester Hobbs' offer to furnish sirloin strip steaks to be served at a breakfast the date to be announced later.

Mr. Hobbs, formerly of Hope, offered the steaks as a reward for reaching a goal of an attendance of 80.

More Funds for Certain Schools

WASHINGTON (AP)—Overruling its Appropriations Committee, the House has voted \$8,330,000 additional for school districts swollen with pupils because of federal installations.

The committee had opposed additional funds for these schools. The House acted Monday on an omnibus supplemental appropriations bill for various federal agencies for the remaining four months of this fiscal year, which ends June 30.

Attitude Not Understood, Says Faubus

LITTLE ROCK (AP)—Gov. Orval E. Faubus says his attitude toward Winthrop Rockefeller has been misunderstood.

And, Faubus added yesterday, Rockefeller can continue as chairman of The Arkansas Industrial Development Commission if he wishes.

On Feb. 10 newsmen understood Faubus to say that he didn't want Rockefeller on the AIDC if the latter had any gubernatorial ambitions.

Yesterday Faubus said there had been a misunderstanding and that he hadn't called on Rockefeller to show his hand.

Faubus added, however, that he didn't believe Rockefeller would accept reappointment to the commission if the millionaire Republican has ambitions to be governor.

"The governor said Rockefeller hadn't taken himself out of the gubernatorial picture."

"I haven't either but I determine I'm going to be a candidate and if he decides to be a candidate I don't think he would accept the appointment."

Rockefeller was not available for comment.

Last year he made some apparent tentative gestures toward the possibility running for governor—perhaps as an independent rather than as a Republican.

Since then his term on the AIDC has expired, and no appointment has been made.

Faubus said yesterday, however, he had written Rockefeller to ask if he wanted reappointment.

He didn't say when the letter was written.

Faubus hinted yesterday that he was trying to locate a major "heavy industry" for Arkansas, but declined to elaborate.

"In asking you to elect me for a second term, I assure you that I will be ever mindful of the privilege and honor of serving you. I will deeply appreciate your vote and support for a second term."

## Declares Farm Income Not Desperate

WASHINGTON (AP)—President Charles E. Shuman of the American Farm Bureau Federation said today the income situation of farmers is not nearly as desperate as has sometimes been pictured.

He said the per capita farm income figures of the government include many who are not full time farmers and who receive income from other sources. Recent government reports said farm income declined 16 per cent last year.

In a statement prepared for a House Agriculture Committee hearing on the general farm situation, Shuman said migration from farms and increasing incomes from off-farm jobs have helped to maintain per capita farm income to a greater extent than most people realize.

"This indicates," he said, "that some progress is being made toward the solution of a very important problem — unemployment in agriculture."

"The basic problem in agriculture," Shuman said, "is that our output has been expanding faster than our markets. This has been made possible by improving technology, but the problem has been aggravated by government farm programs that have interfered with needed adjustments."

The attorney said many of the "discrepancies" seemed minor but that one was critically important.

Miss Lidholm testified that Mrs. Finch got into her car from the right-hand door when the doctor ordered her into the car moments before her gunshot death on the lawn of the Finch estate late last July 18.

Finch said she entered through the left-hand door. His version explained how bloodstains got on the driver's side of the seat. He said Mrs. Finch was bleeding from a head wound he inflicted in subduing her in a furious struggle for a gun.

However, Cooper said, Marie Anne admitted on cross-examination that she had told a sheriff's investigator that Mrs. Finch entered on the left-hand side and the investigator told her she had to be mistaken. Cooper said she changed her story after that.

State to Hand Man Over to Texas

HARRISBURG, Ark. (AP)—Loyal L. James, 22 at Walnut Ridge, will be turned over to Waco, Tex. authorities to face charges of murder and robbery. Poinsett County Sheriff C. T. Sullivan said today.

James is charged with a holdup slaying at a Waco supermarket. James had been held in Harrisburg on charges of assault with intent to kill in the pistol wounding of Joe McAuliffe at a Trumann night club Feb. 10.

Sullivan quoted James as saying he took part in the robbery of the Waco store that he fired at the clerk.

James said his brother, John James, who is also sought by Waco authorities in the robbery-shooting, also took a shot at the clerk.

Flights Are Violation, Commies Say

By REINHOLD ENSZ

BERLIN (AP)—The Soviet Embassy in East Berlin said today resumption of high altitude flights to Berlin by Western Big Three planes would be violating past practices.

But an Embassy spokesman declined to say whether Soviet fighter planes would be sent up against flying above the 10,000 foot ceiling U. S. British or French planes imposed by the Soviet Union on isolated Berlin's air corridors.

Soviet fighter planes buzzed but did not attack U. S. supply planes last April, when they defied the ceiling rules. None of the Big Three recognizes the ceiling.

The United States halted the high altitude flights at the prompting of the British, who feared a serious incident. A report from Washington Monday said the Allies are notifying Moscow of their intention to resume the high altitude flights.

"If we get something concrete in the form of a note," the Soviet spokesman said, "then we can talk about it. Naturally we would have to talk with our allies, especially the GDR (Communist East Germany) about it."

He indicated that any high altitude flights would be considered a violation of East Germany's air space.

The flights would have a double purpose: To demonstrate that giant C-130 cargo planes—which fly more efficiently at altitudes above 10,000 feet—could be used to supply West Berlin, and to show that the Allies would not allow Moscow to dictate to them on flight levels or anything else involving Berlin.

**THE STORY:** Phil Bokker, attempting to clear himself of disloyalty charges following the Civil War, becomes involved in the slaying of Captain Grayson in Raytown, Mo.

## Chapter 7

The sheriff's mouth twisted contemptuously. "I said good night to Bill when him and Hildebrand left the hotel together."

"Hildebrand?" exclaimed Mrs. Grayson.

"Yes, it's Max Hildebrand out there in the road."

"Then it's Hildebrand I shot," said Bokker. "He shot at me first. I didn't get him. He held up his left arm, as well as his right, calling attention to the bullet hole."

"What'd you expect him to do?" sneered the sheriff. "You were laying out there in the dark, waiting for them. You opened up—"

"No," said Bokker stubbornly. "The third man fired at them first. Hildebrand turned to run away and I happened to be in his way." His eyes went to his Navy gun lying on the table where Mrs. Grayson had deposited it. "I fired only once."

"The sheriff turned, caught up the revolver and flicked out the cylinder. He scowled. "You took this gun from him?" he asked Mrs. Grayson.

"He dropped it when I covered him. Moose picked it up."

"The sheriff whirled back to Bokker. "You had time to reload."

"Did I, Mrs. Grayson?" Bokker asked quietly.

"She hesitated, but finally shook her head.

"He couldn't have another gun," here — was a bushwhacker at one time or another." He turned to Bokker. "Go ahead. Why did you want to question Grayson? What did you want to learn from him?"

"There's a magazine in my coat and Bokker slept on it until

Weekly. "You mean this?" Major Holbrook stepped to the sheriff's desk and picked up the magazine, opened to the sketch of the late John Hovey. "A rather good likeness of you."

"So good," said Bokker grimly, "that you'd think the man who drew it had seen me."

"Apparently he had."

"I never met John Hovey and I was never in Lawrence in my life."

Major Holbrook's eyes glowed as he regarded the sheriff. "It seems to me, Sheriff, that you're awfully keen in pointing a finger at a man who was not a bushwhacker."

"How do you know he wasn't?"

"For the moment, I'm taking his word."

"You'd rather take his word than believe the evidence?"

"What evidence?" asked the provost marshal. "Two men were killed and only one shot was fired from his gun. Mrs. Grayson admits hearing at least four or five shots altogether."

"He had another gun," exclaimed the sheriff. "He threw it away."

"Until you find a gun you've no case," snapped Major Holbrook. "At least not for the killing of Grayson, Hildebrand—"

"I'm not denying I killed Hildebrand," said Bokker. "He came at me shooting."

Major Holbrook nodded. "Sheriff, it's no secret that your sympathies are with the former Rebels."

"I was born and raised in this neck of the woods," growled Thomas. "These people are my friends. Most of them served in the Confederate Army—"

"They were bushwhackers. I served here during the war. I know the kind of fighting they did. All right, the government gave them amnesty after the war. But that doesn't give them any right to keep on killing, or trying to kill, Union people." He pointed suddenly at Bokker. "You served in the Union Army—"

"Eleventh Wisconsin," Bokker said promptly.

## Chapter 8

There was a commotion outside the door, then it was opened. Charr Mechem and another townsman entered. They were accompanied by a sergeant.

"Well, Sergeant," snapped the Major.

"No gun," replied the sergeant. "Satisfied, Sheriff?"

"It's your show," replied Lige Thomas angrily.

The sheriff stamped out of the office. The others followed. When Bokker and Major Holbrook were alone, the provost marshal held up the copy of the magazine.

"What's the straight of this?" Bokker said wearily. "I first saw the picture in '64, a few months after it had been sketched. It looked exactly like I looked at the time. And there's no question about other people believing it's me. Last year I ran for prosecuting attorney in my county up in Wisconsin. My opponent dug this up and—well, it defeated me. That's when I made up my mind to run it down."

"And what've you found out so far?"

"Nothing — Practically nothing. You heard what happened here yesterday. Two more of the men in the picture are dead."

"One of them you killed. The other . . ." The major looked inquiringly at Bokker.

"Fletcher Trow and MacDonald Pierson, who are in the picture, are still alive."

"How do you know?"

Bokker hesitated. "They were identified for me."

"By whom?"

"A woman—perhaps a girl. She was in my room last night at the Raytown Hotel. She said she

## State Wants Man Jailed in Tennessee

TRENTON, Tenn. (AP)—A Milan, Tenn., man, wanted by several Arkansas communities who accuse him of profiting from irregular financial deals, remained in jail here today.

M. W. Nunn, 50, was held in bond totaling \$46,500. He was picked up again Saturday after one day of freedom. He had been released Friday under \$5,500 bond.

Sheriff W. R. Bradshaw of Gibson County said Nunn was jailed again on the basis of new warrants from Fort Smith, Russellville and Little Rock.

A charge dealing with "fraudulent issue" has been placed against him in Milan, apparently the only charge against him originating in Tennessee.

Chief Deputy R. H. Pillow said Nunn operated a firm in Milan that manufactured an additive for gasoline and oil. His business was defended by some townspeople, and stockholders bailed him out of jail Friday.

A preliminary hearing will be held March 10, with Laws on Glover of Malvern, Ark., expected.

## Couple, Six Children Found Dead

THOMSON, Ill. (AP) — An auto dealer "bridged" through heavy snow along the banks of the Mississippi River to reach the secluded house of an employee Sunday and found him and seven other members of his family dead.

The frozen bodies of Leroy C. Hensel, 59, his wife, Dora, 53, and their six children were discovered by Eddie Shuler, for whom Hensel worked as a mechanic. The Hensel children, four daughters and two sons, ranged in age from 7 to 17 years.

Dr. L. B. Hussey, Carroll County deputy coroner, said the eight apparently died of asphyxiation a week ago in the four-room house the family was building. An oil burner in the house was extinguished and the oil tanks were empty.

Shuler said he decided to drive to the Hensel home to see if Hensel was sick as he had not been to work at Shuler's garage in nearby Morrisson since Feb. 9.

Shuler said Hensel had told him not to worry if he didn't show up for work. Sometimes because of severe snowstorms it took him two or three days to dig out. The house is a mile southwest of Ebner, a small railroad switching station south of Thomson in northwestern Illinois.

"But I decided to take a look and see if he was sick," Shuler said.

His car became stuck in a snow drift as he drove near Thomson. But Shuler, leaving his wife, their daughter and his son-in-law in the car, waded through the heavy snow to the little Hensel house.

"When I opened the door I was shocked," Shuler said. He found Hensel and his wife dead in folding cots in the living room.

Shuler said he left the house but returned in a few minutes to see if any of the children were alive. He found them all dead. They were Judy 17, Billy 14, Leroy 12, Susan 10, Patricia 8 and Jane 7.

## Claims Stage Mother Is Vicious Type

By DOROTHY ROE

Associated Press Women's Editor  
One of today's most virulent and tenacious types is the stage mother, says lovely Sandra Church, who admits she owes her current Broadway success to such a one. Sandra plays the role of Gypsy Rose Lee in the current musical hit, "Gypsy," starring Ethel Merman as the determined and ambitious mother who drove both her daughters to stardom.

"It all sounds so familiar," sighs Sandra. "Of course my mother wasn't quite as violent as Gypsy's, but still she never let me forget that my one goal in life was success on the stage or in the movies."  
Sandra made her stage debut at the age of 5, wearing a flag, costume and singing "I'm a Yankee Doodle Dandy" at a neighborhood theater in Hollywood. He used to be very nice. Or Sandra's childhood was filled with ballet and acting lessons and speech practice at home.

"All my spare time was taken up with lessons and practicing, so I never had a chance to make many friends and go around with the rest of the boys and girls in school."  
"I couldn't have dates, because I didn't have time, and I hardly knew how to talk to a boy even when I was 16."  
It was at 16 that Sandra got her big chance — a frequent come to New York to try out for a role in the road company of the Broadway play, "Picnic," replacing Janice Rule. She got the job, and became one of the rising young stars of Broadway.

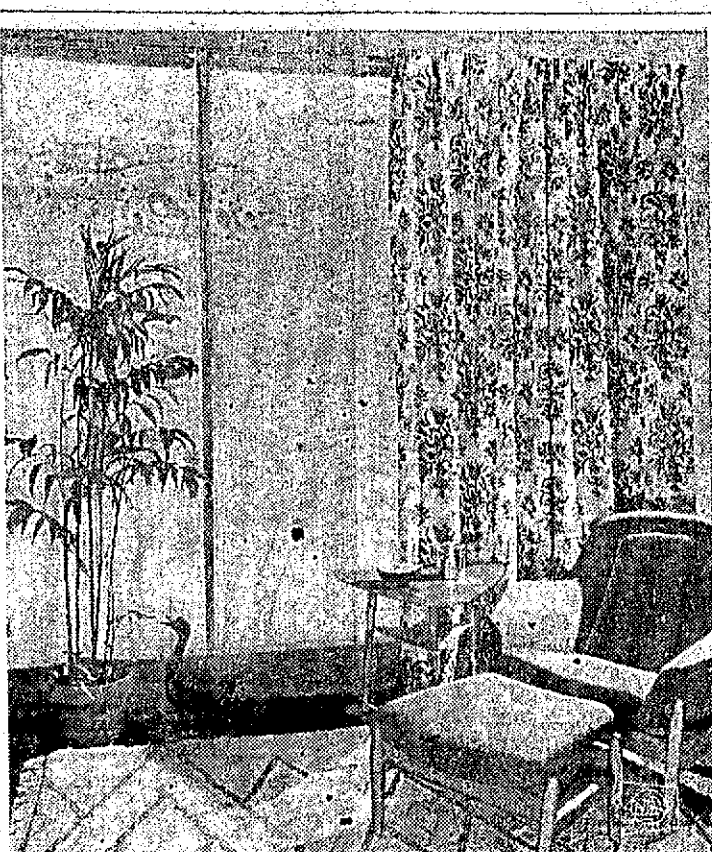

Sandra is enjoying life as an actress now, and admits that she probably never would have made it if it hadn't been for her mother. But she's still not sure a normal childhood wouldn't have been better.

Two-Timing Wife Own Worst Enemy

By DOROTHY DIX

Dear Dorothy Dix:

I have been in love with a boy four years. He is 23, I am 19. He loves me. I am married, have two children, expecting another. I don't love my husband. He and I don't love my husband. He gives me money to help with the children. One is his. He also helps take care of his mother—she keeps putting off marriage. He used to be very nice. Or should I continue waiting for this boy who begs me to wait for him? — G. W.

Dear G.W.: It is not going to be easy to unswear the tangled mess into which you've got yourself. Small wonder your love or procrastinates! There's only one thing for you to do. Close the door on him. Piece together the broken threads of your marriage and continue with your husband. If this husband was once a nice guy, he can be again. Maybe you lack of moral responsibility drove him to drink. I'm sending you my leaflets on the Ideal Wife and the Ideal Husband.

Dear Dorothy Dix:

I am 21 and very much in love with a girl who is my second cousin. I've loved her ever since we were kids. My cousin is 20 and the most understanding person I've ever known. She has been going with another fellow. I don't know how much she cares for him. How can I tell her I love her without shocking her? Tony

Dear Tony: Personally, I would shrink from marriage with a second cousin. Remote though the danger of inbreeding may be, it lurks in the shadows.

Dear Dorothy Dix:

I am 15 and cannot get along with my parents. They object to my going out once a week on

SOMERVILLE, Mass. (AP)—For a man who has had but 25 birthdays, Roderick P. Lewis has quite a family.

There are six daughters, four sons, 36 grandchildren and 68 great grandchildren. Lewis, a retired contractor, was born on Feb. 29, 1856. Though he is 104, he has celebrated a birthday only on each leap year.

## County Gets an Election Commission

BROWNSVILLE, Tenn. (AP) — Haywood County finally has an election commission to monitor after the old one quit when it became apparent Negroes intended to register to vote.

The newly qualified commission still won't be able to register voters until mid-April, a year from the time the last resident, white or Negro, registered.

The county is 60 per cent Negro. Dr. W. D. Poston, chairman of the new commission, said six weeks will be needed "for the regular to acquaint himself with the duties of his office." He is Clarence Berson, a Brownsville native.

Dr. Poston and W. H. Ginters and H. W. Turner, both farmers, were sworn in Saturday at the courthouse here.

It came as a surprise to many people. On Feb. 1 the state election commission gave the county 20 days in which to find three men willing to serve. It was the fifth time the deadline brought no results.

"We had a special meeting at the capital Friday," said state election commission chairman Sam Coward. "We appointed the three named men after assurances from each of them that they would serve."

Without a functioning election commission no general election could be held. Haywood's next election is scheduled Aug. 4, when most county offices are to be filled.

## Picketing Graham

NAIROBI, Kenya (AP) — African witch doctors are picketing preliminary meetings of Billy Graham's crusade in Kisumu, where the American evangelist will appear Tuesday.

The Rev. Joseph Blineo, now in Kisumu 165 miles northwest of Nairobi, advised Graham that for the past three days native medicine men have been parading outside the meeting in their weird costumes, muttering incantations. There have been no incidents in Kisumu, and Graham will fly there Tuesday, as scheduled.

## Algeria Rejects Plan

TUNIS (AP) — Ferhat Abbas, member of the Algerian rebel government-in-exile, today rejected any peace plan which would "balkanize" Algeria into a series of ethnic or religious states.

"Such solutions are not workable," Abbas said in a statement. "The Algerian people reject them."

The statement was prompted by indications from Paris that French President Charles de Gaulle was considering some kind of ethnic or religious division of Algeria as a solution to the five-year rebellion there. France would retain control of areas largely settled by the French.

Queen Victoria's luxurious private railway cars, built in 1860, were given gas lighting. But the Queen ordered oil lamps and candles to replace the gas jets.

# Porkers Clinch 4th With Win Over Baylor

FAYETTEVILLE, Ark. (AP) — Arkansas' youthful Razorbacks clinched a fourth-place finish in Southwest Conference basketball last night with an 83-74 victory over Baylor.

The triumph gave Coach Glen Hoge's Hogs a 7-6 conference record against 6-7 for fifth-place Baylor. The clubs were fighting for the first division.

Arkansas winds up its season tomorrow against Southern Methodist at Dallas and Baylor finishes Thursday. Texas A&M at Waco.

Arkansas outside man Clyde Hochen fed the Hogs in scoring with 21 points and, in the process, set two school scoring records.

He broke Freddy Grim's record of most points scored in conference play by a Razorback (235) and moved to 243 with one game to play. Hochen eclipsed Al Williams' most conference free throws mark (76) with nine charity shots that left him with a total of 79.

Ronnie Garner, the 6-6 Porker junior who hit 6 free throws in the last 90 seconds to solidify a shaky hog lead, also set a record.

He bettered the school conference rebounding record (118) with 15 grabs for a total of 120.

David Pierce and Bob Turner led Baylor with 16 points each.

Palmer Big Golf Money Winner

By HAROLD V. RATLIFF

SAN ANTONIO, Tex. (AP) — Arnold Palmer, winning money on the golf tour at the rate of \$2,500 a week, went on to Baton Rouge, La., today to see about bagging another jackpot.

The broad-shouldered young man from Ligonier, Pa., took \$2,800 first money in the Texas Open Sunday, winding up with 27 and a 2-stroke lead. It was his third tournament victory in the last 10 starts and at the rate he's now going he could even surpass the \$72,435.83 Ted Kroll socked away in 1956.

Palmer's total official winnings this winter are \$14,999.86. Counting money in pro-amateurs he has cleared \$20,211.86. He has taken in more cash on the winter tour than any golfer in history.

Palmer didn't exactly finish in a blaze of glory in winning the Texas Open. He limped home with a 3-over-par 75 and had to be notched such a long lead starting the final round would have been in deep trouble.

Doug Ford, the Crystal River, Fla., veteran, made a closing rush that got Palmer a little jittery. The two played together in the final threesome. Palmer said it was cold hands the tournament was finished in bitter cold and high winds that caused his trouble.

Ford wasn't worried by the weather. He romped in with a 2-under-par 70, the lowest round of the day — to finish two strokes back of Palmer and in a tie for second place with Frank Stranahan, who started the final round in second place, four strokes behind Palmer, had a closing 75 for 278.

Wesley Ellis of West Caldwell, N. J., who won the Texas Open in 1958, finished fourth with 284. Mason Rudolph of Clarksville, Tenn., was fifth with 285.

Amity, Newark Open State B Tournament

The Arkansas Class B Tournament gets underway here this afternoon at 2 o'clock with Amity playing Newark, followed by the runnerup of 6 vs Dover at 3:20 p.m.

The night session pits Caraway against Mountain Pine and Jasper against Hermitage.

Marmaduke, probably one of the favorites along with Kingsland opens play at 2 p.m. Wednesday against Lincoln. At 3:20 Wednesday, Mammoth Springs tangles with Scanton.

Weather permitting the 16 team playoff at the Jones Field House should attract the largest crowds here for a state tournament. Hope played host to the A girls tournament two years.

However, a coating of sleet and freezing rain caused all public schools to close here Tuesday and there was little sign of better weather ahead at noon today.

Local tournament officials have everything ready for the tournament with semifinals slated for Friday night, followed by the championship game at 8 o'clock Saturday night.

Admission will be 50 cents for students and \$1 for adults up to the semifinals. Then admission will be \$1 per person for the semifinals and the title game.

Fire, Oxygen Explodes the U.S. Team

SQUAW VALLEY, Calif. (AP) — Breathing fire and Russian-sugested oxygen, a scrappy United States hockey team exploded for six goals in the final period to defeat Czechoslovakia 9-4 and win the Olympic hockey tournament.

The come-from-behind shellacking of the Czechs Sunday won the gallant Yanks the first hockey gold medal the United States ever picked up in Olympic competition.

The Canadians beat the defending champion Russians 8-5 for second place in the tournament. The Russians finished third.

The Yanks took the ice against the Czechs plainly poked from their thrilling upset of the Canadians and Russians, trailing 4-3 in after two listless periods, the Americans were sitting glumly in the dressing room before the final period when in walked Russian team captain Nikolai (Solly) Sologubov. He suggested that the Americans do as the Russians—breathe oxygen to offset the high altitude of Squaw Valley.

Sologubov, a 36-year-old Soviet army captain, kept waving his arms and talking in broken English about the wonders of oxygen.

Finally, team Captain Jack Kirrane, of Brookline, Mass., looked up and said:

"O.K. Solly, bring it in."

"I think the lift was mostly psychological," said Coach Jack Riley, who doesn't have his players take oxygen between periods. "I know the boy appreciated Solly's gesture."

Fondness for Sleep Breaks Up Marriage

LOS ANGELES (AP) — Her husband's fondness for sleep broke up their marriage in less than a month, a secretary testified Thursday.

Ruth Osburn, 29, obtained a default divorce from George L. Osburn, 32, charging her husband "wouldn't talk to me or my mother and he would fall asleep."

On the day of their separation last Dec. 4, she said, Osburn again fell asleep. Later, they quarreled, he packed his bags and left.

into the final quarter, the Pistons were rolling along on an 83-70 lead.

But Chamberlain dropped in 11 points in the final quarter and emerged the big man in overcoming the deficit. With Chamberlain leading the way, the Warriors broke a 98-94 deadlock and went ahead 104-99. They finally wrapped it up 113-111, with Chamberlain getting the clincher with 30 seconds to go.

In other games, the Boston Celtics defeated the New York Knicks 129-125 and the St. Louis Hawks turned back the Cincinnati Royals 122-105.

The Celtics triumph kept them 4 1/2 games ahead of the Warriors in the Eastern Division. Bob Cousy collected 14 of his 27 points in the last 14 minutes to nail down the triumph.

The Hawks snapped a three-game losing streak by downing the Royals. Cliff Hagan was high in man with 39 points. Any combination of three Minneapolis victories over the Celtics after a long trade accusing President Gamal Nasser of the United Arab Republic of masterminding the plot.

Can't Stop Chamberlain 3 Quarters

By THE ASSOCIATED PRESS

There's no stopping Wilt Chamberlain for three-quarters of the game. It's all or nothing.

The Detroit Pistons thought they had Chamberlain stifled in Sunday's nationally televised NBA game in Detroit against the Philadelphia Warriors. He scored seven points through the first half and managed only five more in the third quarter.

That gave him 12 points for three-quarters. He had been averaging 37.8 points per game. Going the playoffs.

## Final Play in Small Fry Basketball

Copeland's Cool Cats squeezed out a one point win over Gulf's Bo-Diddles in the final game of Little League Basketball play to take complete charge of first place and this season's small fry Basketball Championship. Had the second running Bo-Diddles won this one, the standings would have been all tied up and a playoff game would have been necessary. Dick Willis and David Billings were the big guns for the Cool Cats with 6 and 5 points respectively. Ronnie Phillips had 4 for the Bo-Diddles with Ingram, Ellis and Guerin getting 2 each.

In a preliminary contest, Owen's Hot Rods dropped the third running Ford Dirt Dobbers 10 to 9. The Hot Rods were tough in the final stretch and had the season been a few weeks longer, would have been a serious contender. The Dirt Dobbers played .500 basketball with a consistent ball club after losing several players off of last year's championship team.

In the final game, McKenzie scored 8 big points for the Hot Rods with Schooley dropping in 2. Andrews and Ball with 3 each and Wright 1 led the Dirt Dobbers.

This year's season was unique in that the entire program was conducted by former graduates of the Little League program. The youngsters took care of all coaching, officiating, timekeeping etc. and did an amazing job in producing some good basketball teams. Much credit is due these boys for a job well done.

Associated Press Sports Writer

The top 10 college basketball teams in the country, with Oscar Robertson's Cincinnati Bearcats the No. 1 attraction, all appear on the road to either the NCAA or NIT post-season glamour events.

Overwhelmingly chosen as the nation's top-ranked club in the Associated Press poll the Bearcats, who went out Monday night and clinched at least a tie for the Missouri Valley Conference championship with the record-breaking Big O scoring 43 points in a 110-64 thumping of Tulsa.

The Bearcats, who drew 70 first-place votes and 1,506 points in the weekly balloting of sports writers, and casters, automatically qualify for the NCAA tournament if they retain the top spot in the tough league.

Ohio State, No. 2, nailed an NCAA berth by copping the Big Ten championship while defending (dist. California, third-ranked in the latest accounting, Monday was selected for an at-large berth.

The Buckeyes collected 26 first-place votes and 1,356 points to edge the Bears, who polled 20 first-placers, by 94 points for the runner-up spot.

Bradley's Braves, running behind Cincinnati in the Missouri Valley race and fourth-ranked nationally, likely will go to the NIT in New York's Madison Square Garden if they fail to overtake the Bearcats.

Fifth-ranked West Virginia and All-America Jerry West captured a place in the NCAA classic with a weekend triumph in the Southern Conference's championship playoffs.

Utah's Skyline Conference leaders, who dropped to sixth this week, get into the NCAA if they maintain their lead over runner-up Utah State, 10th ranked. The Aggies likely will head for the NIT.

Georgia Tech, seventh-ranked and No. 2 in the Southeastern Conference, is in the NCAA by virtue of Auburn's ineligibility. The Plainsmen, who hopped up to the 11th spot in the poll, took the SEC crown but still are on probation for recruiting irregularities.

Miami of Florida and St. Bonaventure, ranked eighth and ninth also are tournament-bound. The Hurricanes were selected for an NCAA at-large berth. The NIT invited the Bonnies.

Texas Gets a Clear Cut SWC Title

By THE ASSOCIATED PRESS

The University of Texas won its first clear-cut title to the Southwest Conference basketball crown in 14 years and gained a berth in the NCAA playoffs when it took an easy 86-62 victory over last-place Rice last night.

The Texas Tech Red Raiders helped clear the path for the Longhorns by edging Southern Methodist, 71-69, in a game that erased any hopes the Mustangs had for a share of the loop crown.

Texas A&M, another contender for the title, defeated Texas Christian, 64-56, last night but the Longhorns victory also eliminated the Aggies' slim chance to the tie for the championship.

The Longhorns are now 11-2 in loop play, while the Mustangs and the Aggies have identical 9-4 marks. Each team has one game left to play but the most the final tilt can do is to determine whether SMU or Texas A&M wins second place.

The Longhorns, by winning this year's loop title, will meet the big eight champions in the NCAA regional tournament.

In the fourth loop game last night, Arkansas defeated Baylor 83-74.

Arkansas is in fourth place with a 7-6 record. The Texas Tech victory and the Baylor loss ties the two teams for fifth place with six victories against seven losses apiece.

Last night's tilt pushed Texas Christian, now 3-10, and Rice, with 1-12, farther down the ladder.

Runner in Good Shape Physically

LAMAR, Mo. (AP) — A doctor has pronounced Charles Murff in good physical shape despite a loss of 22 pounds on his Arkadelphia, Ark. to Kansas City run.

Murff paused yesterday at Jasper, about 125 miles from his goal after his shortest day's run so far. He made only 16 miles because he stopped for the physical check up. He must run 34 today if he makes it to Nevada, Mo., as planned.

He expects to be in Kansas City Monday for the start of the NMA basketball tournament.

Iraq Court Dooms 17 to Death

Arkansas' A&B Tourney Starts Today

By THE ASSOCIATED PRESS

The state's top 16 teams in Class A and B basketball begin fighting it out for state tournament championships today.

The A seniors open a five-day meet at Trumann and the B senior open a similar run at Hope.

There are no real favorites. Last year's winners, Ouachita in A and Pryatt in B, lost out in district tournaments.

The A and B fields were completed last night in belated district playoffs. Green Forest beat Berryville 45-35 in the UE Class A final at Eureka Springs. Green Forest gets the tournament berth.

SQUAW VALLEY, Calif. (AP) — Sidelights on the Winter Olympics:

Top Star — The weatherman, who provided perfect conditions for the athletes and spectators after first threatening to wipe out the games with floods and heavy snowfalls.

Formful Winners — U.S. figure skating champions Carol Heiss and David Jenkins, Canada's pair figure skaters of Bob Paul and Barbara Wagner, Russia's speed skaters, Russia's female cross country skiers, and Sweden's mighty Sixten Jernberg in cross country skiing.

Biggest Upsets — United States in hockey and Germany's Georg Thoma in the Nordic combined of ski jumping and cross country skiing.

Biggest Thrills — American hockey victories over Canada and Russia; the ski jumping; Carol Heiss' free skating, a ballerina on ice; David Jenkins, in figure skating, a whirling top on ice.

American Disappointments — Failure of the girl skiers to take a gold medal.

Games! Athletes — The Japanese and Australian hockey goal-tenders, who deserve purple hearts.

Oddity — All three U.S. victories were scored in Blyth Arena, making the Yanks the indoor champions.

Top Ten All on Road to Tournaments

By MIKE RATHET

Associated Press Sports Writer

The top 10 college basketball teams in the country, with Oscar Robertson's Cincinnati Bearcats the No. 1 attraction, all appear on the road to either the NCAA or NIT post-season glamour events.

Overwhelmingly chosen as the nation's top-ranked club in the Associated Press poll the Bearcats, who went out Monday night and clinched at least a tie for the Missouri Valley Conference championship with the record-breaking Big O scoring 43 points in a 110-64 thumping of Tulsa.

The Bearcats, who drew 70 first-place votes and 1,506 points in the weekly balloting of sports writers, and casters, automatically qualify for the NCAA tournament if they retain the top spot in the tough league.

Ohio State, No. 2, nailed an NCAA berth by copping the Big Ten championship while defending (dist. California, third-ranked in the latest accounting, Monday was selected for an at-large berth.

The Buckeyes collected 26 first-place votes and 1,356 points to edge the Bears, who polled 20 first-placers, by 94 points for the runner-up spot.

Bradley's Braves, running behind Cincinnati in the Missouri Valley race and fourth-ranked nationally, likely will go to the NIT in New York's Madison Square Garden if they fail to overtake the Bearcats.

Fifth-ranked West Virginia and All-America Jerry West captured a place in the NCAA classic with a weekend triumph in the Southern Conference's championship playoffs.

Utah's Skyline Conference leaders, who dropped to sixth this week, get into the NCAA if they maintain their lead over runner-up Utah State, 10th ranked. The Aggies likely will head for the NIT.

Georgia Tech, seventh-ranked and No. 2 in the Southeastern Conference, is in the NCAA by virtue of Auburn's ineligibility. The Plainsmen, who hopped up to the 11th spot in the poll, took the SEC crown but still are on probation for recruiting irregularities.

Miami of Florida and St. Bonaventure, ranked eighth and ninth also are tournament-bound. The Hurricanes were selected for an NCAA at-large berth. The NIT invited the Bonnies.

# N. Mexico and Texas Added to NCAA Tourney

By JACK CLARY

Associated Press Sports Writer

Welcome Texas and New Mexico State to the list of tournament champions which will compete in the NCAA tournament. But strike out Ohio State's gaudy undefeated Big Ten record when it begins competing for the national championship.

Texas, a flop a year ago with a 4-20 record, won the Southwest Conference title Monday night when it beat cellar-dwelling Rice 86-62. New Mexico State clinched the Border Conference crown with a 76-46 victory over Arizona.

But Ohio State, ranked second in this week's Associated Press poll, had its 13-0 Big Ten record muddled by a hot-shooting Indiana team that easily won 99-83.

Cincinnati, the nation's top-ranked team, clinched at least a tie for the Missouri Valley crown and its ensuing NCAA berth by walloping Tulsa 110-64 as Oscar Robertson scored 43 points.

Texas and New Mexico State join Southern Conference champion West Virginia, Mid-American champ Ohio University and Ohio State as the only bona fide conference titlists to represent their loops in NCAA play so far.

Georgia Tech, second in the Southeastern Conference, will be that league's representative.

Teams filling at-large berths are Miami (Fla.), Navy, NYU, Notre Dame, DePaul, California, last year's champion and Idaho State. The list will be completed after this weekend.

Texas, which hasn't been in the NCAA tournament since 1947, also got an assist from Texas Tech, which knocked off second-place Southern Methodist 71-69, making it impossible for SMU to catch the Longhorns. Each has one SWC game remaining.

Kansas State took a temporary lead in the Big Eight with a 74-65 victory over Oklahoma State. Either Kansas or Oklahoma will share it again after tonight when the two meet.

Bradley, second in the Mo Valley to Cincinnati and ranked fourth nationally, had a time beating Wichita 85-50 as the Braves got their 36th straight home victory and Cliff Walker's 37 points set a one-year school scoring mark of 518.

Can't Stop Chamberlain 3 Quarters

By THE ASSOCIATED PRESS

There's no stopping Wilt Chamberlain for three-quarters of the game. It's all or nothing.

The Detroit Pistons thought they had Chamberlain stifled in Sunday's nationally televised NBA game in Detroit against the Philadelphia Warriors. He scored seven points through the first half and managed only five more in the third quarter.

That gave him 12 points for three-quarters. He had been averaging 37.8 points per game. Going the playoffs.

Scattered Barbs Aimed at President

BY THE ASSOCIATED PRESS

Scattered over the country today, Democratic presidential hopefuls aimed their barbs at a wide variety of Eisenhower administration policies. Money, farm and defense policies were among the targets.

Former President Harry S. Truman added another "Beware of political budget cutters," he told a Conference for Israel Bonds in Miami Beach, Fla., Sunday night.

In the case of farm policy, however, there was an indication Democrats might be attacking something unsupported by the Republicans if Vice President Richard M. Nixon, as expected, became the GOP candidate for president.

In a radio interview from Washington Sunday, Sen. Karl E. Mundt (R-SD) said he was certain Nixon would come out with a new program, "which will be entirely independent of past programs."

Mundt disagreed with Secretary of Agriculture Ezra Taft Benson's view that the Eisenhower farm program would be supported by Nixon or any other Republican candidate.

A Democratic attack on Benson and the Eisenhower farm program was made Sunday by Sen. Stuart Symington (D-Mo), an unannounced candidate touring northern Illinois.

He told a luncheon group in Chicago that the present administration "will bequeath some 10 billion dollars of surplus farm commodities to haunt the farmers and the taxpayers until a Democratic administration can bring order out of the present chaos."

Financial policy was stressed by Sen. Hubert H. Humphrey (D-Minn) who winds up a tour of northwestern Wisconsin tonight. He and Sen. John F. Kennedy (D-Mass) are entered in the state's presidential primary April 5.

At a rally in Wisconsin Rapids Sunday night, Humphrey said that the administration's "tight money policies" had cost the small home owner and farmer millions in increased interest payments in recent years.

The administration's defense policy was criticized by Kennedy, in a speech prepared for the Senate today.

If Eisenhower's program is allowed to stand, Kennedy said, the United States faces a missile gap "on which we are gambling with our survival."

Kennedy urged Congress to vote more money for missiles, air alerts, and ground forces before the President goes to the East-West summit conference.

Fined for Attack on Man on Bus

LITTLE ROCK (AP) — Joseph Joshua, a 17-year-old Negro, was found guilty yesterday of attacking an elderly white man on a city bus and fined a maximum \$200.

He was accused of hitting E. A. Stanley, 72, last Dec. 9 in a dispute over giving up a seat. Stanley testified Joshua hit him in the face after he asked the youth to give his seat to a woman. Johnson admitted striking Stanley, but contended the white man hit him first.

Circuit Judge William J. Kirby told Joshua he wanted to discourage such friction and that the Negro's action was unwarranted.

The case came before Kirby on appeal from a lower court, where Joshua had received a \$100 fine and a 90-day jail sentence. Kirby noted that the law provided for no jail term for assault and battery, the charge against Joshua.

Cafe Counter Riots Slowing in the South

BY THE ASSOCIATED PRESS

Negro demonstrations for equal rights at traditionally segregated lunch counters in the South appeared to be slowing down today. But some Negro student leaders said they had no intention of abandoning the sit-ins which mushroomed across the South during February.

Students at Alabama State College for Negroes in Montgomery planned to meet again today to consider a mass walkout if any student is expelled for taking part in anti-segregation demonstrations.

The idea was advanced at a meeting of students Monday night after Gov. John Patterson insisted leaders of a Negro sit-down at the Montgomery courthouse lunch room Thursday should be expelled from Alabama State.

Fourteen Negro students from Voorhees Junior College were arrested at Denmark, S.C., after reportedly seeking service at a drug store lunch counter. They were released later to a college official.

At Tampa, Fla., 57 Negroes sought service at a variety store lunch counter. They were refused and the counter closed. Police said the only violence occurred

Ike Tells Chile

Continued from Page One

The President leaves Wednesday for Montevideo, Uruguay, and the last formal call of his four-nation, 10-day tour. On Thursday, he flies to Puerto Rico where he plans to rest for several days.

News dispatches reporting Eisenhower's apparent firmness in Balloche, Argentina, Sunday, prompted his personal physician, Maj. Gen. Howard M. Snyder, to announce Monday night that the 68-year-old chief executive is "in fine physical condition and in good health."

Eisenhower appeared in good spirits during Monday's arrival ceremonies in Santiago. Through most of the 30-minute motorcade he stood and waved to the friendly and unexpectedly large crowds, estimated at between 400,000 and 700,000.

White House press secretary James C. Hagerly said Eisenhower had been taking the daily mid-day rest which doctors had ordered following his 1955 heart attack. Asked if the President was getting as much rest as he does in Washington, Hagerly replied, "I don't see how he could. He is on a trip."

Eisenhower and Alessandro spent part of Monday reviewing plans for curbs on the arms race—an idea favored by both. Alessandro had advocated, but not made a formal proposal, for a special Inter-American conference on disarmament.

Eisenhower told Alessandro the United States will not liquidate its copper stockpile as has been rumored. Hagerly said such a move would blow the bottom out of the copper market.

Chile is mainly dependent on copper for foreign exchange earnings.

Snowfall Has Set Record at L. R.

LITTLE ROCK (AP)—Snowfall at Little Rock this year has set a new record, the U S Weather Bureau said today.

Since Jan. 1, the total fall has been 23.2 inches, including that recorded today.

The old record was 19.4 inches in 1918.

The 1918 mark already had been passed by a total fall the first two months of the year of 21.2 inches —11.6 in January and 9.6 in February.

The year 1918 still has one distinction.

Its snowfall didn't have to be spread out over two months.

The 19.4 inches fell during January, 1918, the Weather Bureau said.

Elvis to Get Out of Army Wednesday

By JOHN FIEHN

FRIEDBERG, Germany (AP)—Elvis Presley files home Wednesday to get his Army discharge and return to show business. The rock 'n' roll singer leaves behind a 16-year-old American high school girl he has been dating often — but quietly — for several months.

The pretty brunette, Priscilla Beaulieu, said she is very fond of Elvis. "But you shouldn't think there is anything serious," she said she doesn't know if she'll see him after he returns to America, "but I certainly would like to."

Priscilla's father, U.S. Air Force Capt. Joseph P. Beaulieu Jr. of Waco, Tex., is stationed at Wiesbaden Air Base. She attends the high school for U.S. dependents in Wiesbaden.

Presley told a news conference he had been dating Priscilla for three or four months.

"She is very mature," he said. "She's got beautiful blue eyes. A very pretty brunette and I like her very much."

Presley is scheduled to leave aboard a Military Air Transport plane and probably will land at McGuire Air Force Base, in New Jersey. An Army spokesman said Elvis could expect his discharge within 2 to 24 hours after returning to the United States.

Presley said two years in the Army had not changed his voice at all. He said he doesn't have any immediate plans to cut some new records, "but I won't give up singing and it's probably going to be rock 'n' roll again."

He said he'll visit his home in Memphis, Tenn., first, then appear on a national TV show May 1.

Affidavit Law Rehearing Denied

LITTLE ROCK (AP)—The Arkansas Supreme Court has turned down a plea that it reconsider its ruling on Act 10 of 1953, the teacher affidavit law.

The court upheld constitutionality of the act several weeks ago but warned then that the law could be voided if it were applied in a discriminatory manner.

The law forbids hiring of public school teachers, including those in state-supported colleges, who refuse to file affidavits listing membership affiliations and contributions for five years back.

The court yesterday rejected a rehearing petition of the two teachers who had challenged the law.

Another suit against the act is pending before the United States Supreme Court.

Revenue Picture Fine to Collector

LITTLE ROCK (AP)—State revenue collections in February were a mixture of ups and downs compared to the same month last year.

However, the overall picture was a bright one — collections in all brackets totaled almost 10 million dollars more than in February, 59.

State Revenue Commissioner J. Orville Cheney's monthly breakdown today showed that auto license fees collected in the leapyear February reached \$3,155,507 compared to \$2,431,978 in the 28-day month of last year. This was an increase of \$723,529.

Gasoline tax collections totaled \$2,573,357, a drop of \$301,177 from last February's \$2,874,534.

Cheney said bad weather accounted for some of the decline in last month's gasoline tax collections.

Saturn Rocket Ready for Test

WASHINGTON (AP)—The giant Saturn rocket engine is almost ready for its first ground test.

Milton Rosen, chief of rocket vehicle development programs of the National Aeronautics and Space Administration, said Monday the goal of a full-scale Saturn firing by the end of 1959 had not been achieved, "but we are very close to it now."

Each Saturn is made up of a cluster of eight rocketdyke engines. It would be capable of landing large payloads on the moon or nearby planets, placing a heavy communications satellite in orbit, or putting a manned vehicle weighing 10 to 20 tons into orbit 200 to 300 miles above the earth.

WASHINGTON (AP)—The Agriculture Department reported today the number of farms in the United States declined about 2 per cent in 1959.

The year ended with 4,460,900 operating units, and a further decline to about 4,340,000 was forecast for this year.

The 1959 decline is about the same rate of annual decrease estimated for several recent years. The present number is 32 per cent below the record peak of 6,812,000 in 1935.

The department said farms continued to gain slightly in size from purchases and consolidations. Suburban developments made further inroads into farming areas.

The number of farms by states at the end of 1958 and 1959, respectively, included:

Arkansas 140,000 and 135,000;

Says Red Threat Out of Proportion

LITTLE ROCK (AP)—An Air Force officer said here today that Communism poses a threat to the United States out of proportion to the size of its membership.

Col Ernest F. Williams said that the country has only 20,000 known Communists.

But, he added, only 25,000 re volunteers were needed take over control of 150 million people in Russia.

Williams spoke at the second day of a National Security Seminar here.

Yesterday, Gov. Orval E. Faubus told the seminar he regretted that the Air Force had backed away from a statement in a manual saying that Communists had crept into the churches.

Faubus said:

"When the Air Force put out a manual the other day and said that the communists had infiltrated to some extent the churches, it was exactly true and I was sorry to see them backing up and apologizing for making a statement of fact because someone protested who either may be a Communist or is a dupe and does not know what is going on in this country."

THE STORY OF MARTHA WAYNE

## March Comes in Not Very Lamblike

By THE ASSOCIATED PRESS  
The weather was not very lamblike for March's entry today. Ice and snowstorms hit the Southwest. Cold weather gripped wide areas from the Rockies eastward to the Atlantic, dipping across many parts of the South. Below zero weather numbed sections of the Rockies and most of the Midwest, with lowest temperatures of the season in some areas. Sub-zero marks were general in Montana, the Dakotas, and

Minnesota, Wisconsin and parts of Michigan, Iowa and Illinois. Low readings included -16 in Pellston, Mich., and -14 in Miles City, Mont. The mercury dropped below zero in southern Illinois, falling -3 in Vandalia, the same as reported in Springfield. It was -8 in Madison, Wis. The mercury edged to near zero in Chicago, which hasn't had a below zero reading since Feb. 20, 1959. Temperatures plunged sharply in parts of the Ohio Valley and the many sections of the East. It was chilly throughout most of the Southeast, excluding Florida which reported readings from the 50s in the north to 70 in the South. Cattle, sheep and hogs—collectively—are almost as numerous as men in the U.S.

## Dollarway Trio Plans an Appeal

LITTLE ROCK (AP) — Three Negro students seeking admission to all-white Dollarway School intend to appeal part of the latest federal court ruling in the long-drawn-out case. The Negro plaintiffs will carry to the Eighth U. S. Circuit Court of Appeals at St. Louis a challenge of three points in a decision handed down by Federal J. Smith Henley at Little Rock. Henley refused to order the Dollarway School Board to admit the three Negroes. However, in the

Feb. 19 ruling he ordered the board to submit a plan of desegregation within 90 days. The notice of appeal, filed in U. S. District Court here, said the Negroes would contest: 1. Henley's refusal to order the board to admit them to Dollarway. 2. Henley's dismissal of a supplemental complaint through which they sought to gain entrance to the school. 3. Henley's decision that the Negroes and the school board should pay their own court costs. The school board is expected to file an appeal to the portion of the decision ordering it to present a desegregation plan within 90 days. Henley said in the ruling that, if the board wanted to give the Negroes a chance to work out an integration plan, it should do so.

**Students Charged**  
SEARCY, Ark. (AP) — Burglary and larceny charges were filed yesterday against four Harding College students in thefts in Searcy and at the college.
